

Compliance NOW!

PETPAK

Safe, convenient compliance packaging prepared by you, the veterinarian, to help your customers administer their pet's daily medications.

Why PETPAK?

- PETPAK saves lives by reducing medication errors
- No more filling out calendars or lengthy instructions for weaning medications
- Reduces the chance of duplicate medication administration for the busy family
- Encourages repeat business and generates extra revenue

PETPAK contains all the medications your customers will need for their pet in one easy to use package allowing them to administer the correct medications to their pet at the correct times with no confusion, no guesswork and no risk. Available in two or four dose kits.
