

Extendicare Athabasca

UltraGlide Medication Cart

“Yes, [the UltraGlide] arrived and it is amazing. We are very thrilled to have received it. We need to develop some protocols around dividing up our med passes now but the Professional staff think it is wonderful and of course wish it had a new mate (I will try to budget for one next year!) Thank you very much! We love it and all its wonderful features—like the side pull out table, and the new lock style.”
