

Manrex Long Term Care Medication Cart

Northwest Health Facility

Hi there, we all love the Long Term Care cart it has made everyone's job so much easier. I highly recommend LTC carts for all facilities that use the 35 day cards. I have a few comments from Kristen Mugford one of our LPN's, she was there the day our 'baby' arrived and she literally hugged it she was so happy to see it. These are her words:

- I love it!
- It is mobile which is great.
- Provides accuracy.
- User friendly.
- Everything right where you need it.
- AWESOME
- So much easier to use.
