Manrex Long Term Care Medication Carts

We started out with 6 new LTC med carts, which made staff and OHS happy. When we decided to add a lockable inside drawer for narcotics to each cart, I was impressed to find you had just exactly what we were wanting. That made the whole conversion process a lot less painful. Thanks for that. But mostly, Kristin, I would like to thank you personally for your always prompt, professional service.

Cheers,
Shirley Finnigan RN.BScN.GNC(C)
