

# Congratulations Ben Szuuts & Robert Campbell

## Committee Membership LTCAM

Congratulations go out to Ben Szuuts, Manrex Limited Sales Manager, and Robert Campbell, Manrex Limited Sales Representative, who have both responded to a call for volunteers and have been selected to be members on committees of the Long Term & Continuing Care Association of Manitoba.

Ben has been chosen to be a member of the Nominating and Public Relations Committee and Robert has been appointed to a seat on the Annual Provincial Long Term & Continuing Care Conference Planning Committee.

The Long Term & Continuing Care Association of Manitoba is a membership-based not-for-profit organization that has been representing health care providers since 1959. The purpose of the association is to advance and elevate the status of long term and continuing care by promoting awareness of its needs and potential to government, Regional Health Authorities, allied health agencies and the community. The association's primary goal is to advocate on behalf of Manitoba seniors and the staff at the residences who serve them.

Congratulations, Ben and Robert!
