

David Tai Chou Receives Manrex Bursary

April 14, 2010

Congratulations to David Tai Chou, who recently accepted the Manrex Medication Delivery Bursary during the Saskatchewan College of Pharmacy and Nutrition academic awards ceremony held at the University of Saskatchewan.

Did you know that each year Manrex Limited provides over \$4,000.00 in Bursaries! We provide a bursary to a University of Manitoba Nursing graduate and Pharmacy graduate. We also select two other Colleges or Universities across the country. This year the University of Saskatchewan and Dalhousie University in Halifax will both receive Manrex Medication Delivery Bursaries.
